To the Parent/Guardian of \_\_\_\_\_, Grade \_\_\_\_\_.

At this time we have not received a "Private Physician's Report of Physical Examination" for your child. Parents are urged to have these examinations done by their family physician because these individuals have a better knowledge of your child's health and can assist you in obtaining necessary treatments and corrections. The family physician can also ensure that the child's immunizations are current.

Dr. Bruce Davis or associates is scheduled to do physical examinations at school on \_\_\_\_\_. The school physical is not a complete examination.

You are invited to attend the physical; your child is scheduled to have their mandated K, 1<sup>st</sup>, 6<sup>th</sup>, or 11<sup>th</sup> grade physical on this date. The physical examination will include: height and weight, blood pressure, pulse, scoliosis check, neuromuscular check, external genital exam (male's only), oral exam, heart and lung sounds, and a review of immunizations. The school physician shall require the removal of sufficient clothing to insure a complete examination.

Please confirm your intentions by checking one of the following:

\_\_\_\_\_ I will not be able to be present for the physical examination on the above date. My child may have the physical exam done by the doctor without me being present.

\_\_\_\_\_ I will be present for the physical exam on the above date. My child will NOT be examined without my presence.

\_\_\_\_\_ I will not be able to be present for the physical examination on the above date. I will have my child examined by my family doctor within thirty (30) days and have the report sent to the school.

**This is a state mandated screening therefore the exam must be completed either by the school or by your private physician. If the screening is NOT completed your child will be excluded from school on May 1<sup>st</sup> until written proof of screening is received by school officials.**

If you have any questions, please call the school nurse.

Sincerely,

\_\_\_\_\_
